Written for engineers,  
by engineers

More and more, business in the Chemical Process Industries (CPI) is not local, it's global. To keep up with this rapidly evolving marketplace, you need a magazine

that covers it all, not just one country or region, not just one vertical market, but the entire CPI. With editorial offices around the world, Chemical Engineering is well-positioned to keep abreast of all the latest innovations in the equipment, technology, materials, and services used by process plants worldwide. No other publication even comes close.

## Software

Engineering e-material, e-solutions, e-courses and e-seminars for energy conversion systems:

- Physical Properties
- Steam Approximations
- Power Cycles
- Compressible Flow
- Power Cycle Components/Processes

### ENGINEERING SOFTWARE

Phone: (301) 919-9670

### WABASH SELLS & RENTS Boilers

20,000 - 400,000 #/Hr.

**Diesel & Turbine Generators**

50 - 25,000 KW

**Gears & Turbines**

25 - 4000 HP

**We stock large inventories of:**

Air Pre-Heaters • Economizers • Deaerators  
Pumps • Motors • Fuel Oil Heating and Pump Sets  
Valves • Tubes • Controls • Compressors  
Pulverizers • Rental Boilers & Generators

**24/7 Fast Emergency Service**

**800-704-2002**

## UltraCat Catalytic Filter System

**Low Temperature NO<sub>x</sub> Removal**  
- Particulate to less than 0.001 grain/dscf

- » One system for PM, NO<sub>x</sub>, SO<sub>2</sub>, HCl, dioxins, mercury, cement HAPs or any combination
- » Low temp NO<sub>x</sub> control by catalyst-embedded filters eliminates costly SCR
- » Integrated dry sorbent injection removes SO<sub>2</sub>, HCl, mercury

Inlet gas composition – Particulate PM, Sorbents for SO<sub>2</sub>, HCl, NO<sub>x</sub> + injected ammonia

Meets EPA Regulations

**Vesconite Hilube**  
solves vertical pump bushing problems

- Low friction
- No swell
- Increase MTBR
- Quick supply
